ASHER BONDO

ASPIRING SOFTWARE DEVELOPER

Harare , Zimbabwe | bondoasher@gmail.com | Portfolio | Linkedin | +263 787558420

SUMMARY

Highly motivated and results-driven Computer Science student with a foundational understanding of software development principles and practices. Possessing hands-on experience in building responsive web applications using JavaScript, Python, and React, coupled with a strong aptitude for problem-solving and optimizing user experience. Eager to apply learned skills in front-end and back-end development, collaborate within Agile environments, and contribute to innovative software solutions. Seeking an opportunity to grow technical expertise and contribute meaningfully to a dynamic development team.

AREA OF EXPERTISE

- Python
- JavaScript
- React
- Web Development
- Responsive Design
- User Testing
- Git Version Control
- Programming
- Database Management

PROJECTS

- **Student Accommodation Website - Next.js, TypeScript ,Tailwind CSS, Firebase:** Developed a responsive web application, demonstrating proficiency in front-end development.
- **AI Study Companion - Next.js, React, Tailwind CSS, GenKit:** Developed an interactive AI study companion, showcasing proficiency in API's and full-stack development.
- **Portfolio - React, Next.js, Framer Motion, Tailwind:** Created a personal portfolio website, showcasing modern web technologies and design principles.
- **Password Manager - HTML, CSS, Python, JavaScript:** Implemented a functional password manager, highlighting skills in scripting and secure data handling.
- **Irrigation Model - Python:** Developed a Python-based model, illustrating problem-solving and algorithmic thinking

EXPERIENCE

Software Developer , Personal/Academic Projects   **Feb 2024 - Present**

- Designed, developed, and deployed multiple responsive front-end web applications, significantly enhancing user experience.
- Optimized SQL queries and wrote stored procedures, improving data management efficiency for various projects.
- Collaborated effectively with cross-functional teams to ensure project alignment and achieve timely delivery of web solutions.
- Conducted rigorous code reviews, maintaining high-quality standards and fostering adherence to best practices in web development.
- Leveraged Git and GitHub for efficient version control, facilitating seamless teamwork and code management.

EDUCATION

Bachelor of Science - BSc, Computer Science   **September 2023 - Present**
National University of Science and Technology

- Relevant coursework in Database Management as well as Data Communications

ADDITIONAL INFORMATION

- **Languages:** English, Shona
- **Certifications:** Responsive Web Design - FreeCodeCamp
